University of Freiburg

Information for new mid-level faculty members

Dear colleague,

Welcome to the Institute of Physics!

The mid-level faculty members at the Institute of Physics organize themselves in a group to exchange useful information, elect representatives and discuss topics of interest.

Group members have finished their PhD and are not yet full professors, for example postdocs, anyone doing their habilitation, postdocs with habilitation, junior group leaders, associated professors, and so on, who are employed at and/or teaching at and/or related to the Institute of Physics.

The group is managed via the **mailing list** [mid-level-list\(at\)physik.uni-freiburg.de](mailto:mid-level-list(at)physik.uni-freiburg.de). If you belong to the group of mid-level faculty members, **please subscribe** to the list by sending an (empty) email to [mid-level-list-subscribe\(at\)physik.uni-freiburg.de](mailto:mid-level-list-subscribe(at)physik.uni-freiburg.de).

Regular meetings occur on the first and last Mondays of each semester from 16:15 to 17:00 (before the Physics colloquium).

In order to ensure a friendly and productive working environment and to achieve a mutual agreement with regard to your rights and duties, you will find a list of **topics to discuss with your group leader** at the following address www.physik.uni-freiburg.de/institute/guidelines_postdoc_groupleader_v0920.pdf

If you have any further questions regarding the mid-level-faculty group, please feel free to contact Gabriel Dufour, [gabriel.dufour\(at\)physik.uni-freiburg.de](mailto:gabriel.dufour(at)physik.uni-freiburg.de).
